On account of the intense and widespread interest that is being shown in the Progress Great Automobile contest, and because of the excellent personnel of the many active contestants and the splendid success they are having in the vote getting, the Progress has decided to increase the already generous prize offer by the addition of \$50.00 in cash, as fully detailed below. This substantial cash offer caps the climax of good things and rounds out the big Progress enterprise into a splendid and most pleasing whole, so we are sure it will meet with the hearty approval of everyone interested in Clearfield County's most popular event.

Surprises sometimes come and agreeable surprises are always acceptable. It is one of the latter kind that is announced above, and which we take pleasure, today, in presenting to all those interested in the great automobile contest now being conducted by this paper. This surprise comes in the announcement of a substantial cash addition to the already long list of valuable awards offered to the competing individuals in this high class contest and it in no way effects or conflicts with the original contest offer. It means simply that the big Progress prize list of the Overland automobile and the other valuable prizes offered by this paper will be augmented by \$50.00 in cash and that the contestants are to receive this money just one week from today.

This unexpected and very gratifying announcement is all the more pleasing because of the fact that the \$50.00 in cash will be divided into three prizes of \$25.00, \$15.00 and \$10.00 each, that the added offer is open to each and every one of the contestants on an even footing and that the winners of these special prizes will be determined during the present week. The winners will be known on Saturday night—just one week from the finish of the big contest—and the votes cast for the special prizes will count for the automobile and other big prizes as well as for the cash.

These three special cash prizes will be awarded to the contestants without regard to district division or the present vote standing of the candidates and they will go to the three contestants who turn in the three largest numbers of votes between this morning at 8 o'clock, and Saturday evening July 15th, at 10 o'clock—a period of one full week. No votes secured or cast for publication during the first voting period of the contest, which closed on last Saturday evening, will count for these special cash prizes but only the votes from coupons and subscriptions secured and voted for publication during this week. It is to be clearly understood, however, as stated above, that all

votes secured and turned in for these special cash awards will also count for full value towards the nine grand contest prizes that will be awarded at the end of the contest. Any candidate may win one of the cash prizes and also one of the big prizes at the close of the contest for the offer is open to all alike and every one of the contestants, no matter what their present vote may be, has exactly the same chance of carrying off any one of these substantial purses of cash. This additional offer increases the prize list from nine to twelve valuable and wholly desirable awards, and gives the total prize list an aggregate value of approximately \$1,500.00 making it by far the most elaborate proposition ever attempted by any newspaper in this section of Pennsylvania.

Make no mistake in gaining a complete understanding of this liberal additional offer. The contestant, either lady or gentleman, in either of the districts, who secures and deposits for publication the greatest number of votes from coupons, subscriptions and bonus ballots during the present week will, at 10 o'clock on Saturday evening, July 15th, be awarded the \$25.00 in gold. The contestant having the next highest number of votes will be awarded the \$15.00 in gold, and the third highest candidate will be given the \$10.00 prize. No vote ballots dated prior to July 10th will count for these cash awards although contestants may deposit, for publication, votes secured before this time if they so desire. A special accounting of the votes will be made at 10 o'clock Saturday evening, the winners will then be determined and announced, and the cash prizes will be delivered to the winners next Monday—one week from today.

Here is a chance for new contestants to enter the race, if they desire, and compete for this cash offering, and especially is it a great inducement for all of the present active contestants to get in their best efforts in the subscription getting during this week while the votes will count for all prizes. The original offer of the Progress was indeed substantial and generous in the extreme but the contest will now have an even more attractive aspect for all who are taking part. The time of the exciting race is now short and the enthusiasm in the event throughout the county is at such a high pitch that it will now know no bounds, so this is the time for all of the ambitious vote getters to get busy with their pencils and subscription books.

As stated on a number of previous occasions the voting schedule as announced for the second voting period of the campaign will in no way be changed or altered and all contestants will be treated exactly the same. The close of the first vote on last Saturday evening evened out the vote and the excitement of the finish of the contest is now over and all contestants will be treated exactly the same.

EXPERT DANCER ENTERTAINS AT COUNTRY CLUB

Dances Nature Dances On The Links Near Club House In The Evening

BIGGEST CROWD OF SEASON

Saturday was a banner day at the Clearfield-Curwensville Country Club, the largest crowd of the season being present at the dinner and dance of the evening. During the entire afternoon the links were crowded with enthusiastic golfers. The day was the most successful so far this season on account of the auspicious weather conditions, which made golfing a most popular sport. Tennis was also enjoyed by a large number of the members.

The feature attraction of the day at the club was the dancing of Miss Ruby Hale White, of New York City, a member of the Castle Dancing School, who entertained the crowd in the evening with several very artistic dances. Two nature dances on the links, lighted with electric lights, met with great applause. Miss White also danced the latest fox trots and the humoresque in the club house.

If enough of the members of the club can be interested in a dancing class, Miss White will organize one and will instruct the members in the latest dances. The class will be for members only.

The music was furnished by the McKinley Orchestra, of Curwensville. Many of-of-town guests were present.

FURTHER GAINS MADE BY ALLIES

Russians Advancing on Koval; Teutons Retreat.

London, July 10.—(By United Press)—While the Franco-British armies are making further gains on the Somme today, the Russians announced that two large forces have crossed the river Stochad, and are advancing on Koval.

General Haig reported that the British along the Somme had extended their lines from Peronne Woods north to Hardecourt. According to official statements today the French troops had captured some trenches at Barleux, and at the same time broke out in a new offensive in the Champagne region, and captured some German trenches on a 500 yard front and three savage attacks. There had been little fighting there for several weeks. The gains were around Argonne and on the Verdun front. The German patrols were dispersed.

Berlin, July 10.—The British troops have captured the Trones Woods, and the French the villages of La Maisonette, Barleux and Recogwerz, it was officially admitted today.

WILSON ANSWERS ROOSEVELT WITH PEACE MESSAGE

Detroit Crowd Rocks Hall With Cheers As President Makes Plea For Peace

'WE MUST RESPECT MEXICO'

BY ROBERT J. BENDER
Detroit, Mich., July 10.—(By United Press)—President Wilson today answered Colonel Roosevelt's statements on military with a message of peace. Speaking to 3,500 people who packed Arcadia Falls, —hundreds of whom were delegates to the World's Salesmanship congress — the President said that fighting results in hardships, that it ruined opportunities for progress in trade and civilization.

Some people who heard Roosevelt's "call to arms" two months ago, today rocked the hall with cheers for peace. "We must respect the sovereignty of Mexico," the President said at one time. "I say this for the benefit of those who wish to 'butt-in.' Mexico feels that we do not wish to help her, but to possess her. This is due to the manner in which some have tried to exploit her possessions. I will not help these men."

The President sounded a call to the business men of the world to respond to the new demands for salesmanship. "Lift your eyes to the honor of business," he said in closing, "and with the thought that you stand for the liberties of mankind. Sell your goods and try to convert the people that your principals are American." As the president concluded, some one shouted "Hurrah for the next President of the United States" and a din shook the hall for several minutes.

INSURANCE MEN WILL FORM CO. ORGANIZATION

Will Meet at DuBois and Organize on Tuesday.

R. B. Murray, state organizer of the Insurance Federation, arrived in DuBois Saturday evening, and has arranged to hold a meeting in the Chamber of Commerce rooms, Deposit National Bank Building, Tuesday evening, July 11, at 8 P. M.

The purpose of the meeting is to effect a County Organization which will become part of the State Organization; every one interested in the insurance business, including all Insurers are invited to attend.

The object of the Federation is stated to be, to furnish its members and the general public reliable information concerning the origin, nature and effect of any and all legislation, the purpose or natural consequences of which is to make the state, directly or indirectly, wholly, or in part an underwriter of insurance hazards of any description, and to support all legislation which fosters sound insurance of any kind.

The activities of the federation have already extended into forty states, and the membership is increasing at the rate of four thousand per month. Twenty five counties in Pennsylvania have thus far been organized; it is urged as important that all interested in the business of insurance be present.

Mr. J. W. Henry, of Pittsburgh, president of the state organization will be the principal speaker.

CLEARFIELD WINS FROM HOUTZDALE

E. McGowan Sprains Ankle Sliding For Second.

The N. Y. C. baseball team of Clearfield added another victory to their already long list Saturday when they defeated Houtzdale by a score of 14-5 in a one sided game. Bove pitched a fine game allowing Houtzdale only eight hits.

In the eighth inning E. McGowan sprained his ankle while sliding for second when trying to stretch a long hit into a double-bagger. He was making a remarkable pick-up, cheating Houtzdale out of a clear-cut hit and also making a double play.

WOMAN'S CLUB PICNIC

The Woman's Club picnic to be held at Mineral Spring Park, Tuesday, July 11, will be a basket picnic instead of having supper served at the Park. All members are requested to attend.

NEGRO GIVEN SENTENCE BY JUDGE BELL

Woman Accomplice is Banished From County For Furnishing Liquor to Minors

NEGRO GETS FORTY DAYS

Two Curwensville defendants were brought up before Judge Bell this morning in the regular Monday morning court and received sentence. The two people, a negro and a white woman have been working together furnishing liquor to minors and confirming drunkards who were unable to buy whiskey themselves on account of their reputations. The couple were arrested sometime ago by county authorities.

Mae Ross, the woman, was brought up and paroled on her own recognizance to appear before the court next Monday. She was told to go to Akron, Ohio, where her brother lives. Before next Monday in order to escape sentence. If she is found in the county any time after that day she will be brought up again and given a stiff sentence. She was charged with furnishing liquor to minors and many other criminal acts.

Her accomplice, Howard Pratt, a negro about thirty years of age, was arrested on the same charge and fined fifty dollars and costs and given forty days in the county jail by Judge Bell. He was also brought up on other charges.

Joseph Krehobek, a Pole was brought into court charged with attempted murder. His case was not settled and he was sent back to the county jail to await trial before jury.

PUNKS WANTS TO OWN WATER PLANT

Engineer Hess of Clearfield Attending Hearing.

Punkstutawny is red hot after its own municipal water plant and have great hopes of getting it. Charles Raiz, with Engineers Hess, of Clearfield, and Africa, of Huntingdon have been in Pittsburgh a month in conference with engineers representing Punkstutawny and Lindsay Water Companies. Chief Engineer Hess, of the Public Service Commission, has been working with them compiling a report which will be submitted to the Public Service Commission and which will no doubt be the means of determining whether the borough of Punkstutawny shall come into control of the plant. The report is not yet complete and the engineers are at present in Huntzberg putting on the finishing touches.

It has been indicated to the water companies that if they retain their charter in Punkstutawny they must improvements commensurate with those outlined by the borough should they gain control. The water companies there are both in the hands of receivers at the present time and it seems unlikely that they will be able to go ahead and make the improvements called for.

In the event that they are not able to raise the money to carry out the improvements the borough will take the companies over at a price to be eventually set by the engineers in conjunction with the Public Service Commission.

HARVARD MEN TO FLY.

Boston, July 10.—Ten Harvard undergraduates are to be sent to Curtis Flying School at Buffalo today for a course of six to eight week training by the Undergraduate Aero Training Fund which was organized in this city some week ago. These men will be the first of a squad of twenty-four undergraduates, who it is hoped, will receive such training as will enable them to become available for military service in the event of war. The movement was originally started by Eraser Corp., who has served with the American Flying Corp. in France for some time. Harvard men throughout the country have contributed to the training fund.

The members of the Woman's Club attending the picnic tomorrow will go to Mineral Spring on the 1:15 P. M. train; jitneys will be provided for their return.

Other Commercial U-Boats to Follow Deutschland Soon

Captain Tells of Laying on Bottom [Of English Channel For Whole Night to Avoid Discovery

PASSENGERS ENJOYED EVERY LUXURY

BY CARL D. GROOT
(United Press Staff Correspondent)

Baltimore, July 10.—Out of the depths, Captain Koenig appeared today with word of mouth story of the first successful crossing of the Atlantic by a commercial submarine, the giant Deutschland, which he said is to be followed by others. Supplementing a written statement, Captain Koenig told how he and his ship had lain on the bottom of the English channel ne whole night, how he and his men had played a graphophone at the bottom of the sea, how they had drunk champagne and had eaten the best of foods, how the vessel had travelled 3,800 miles, and only submerged for a few hours, about 90 miles under the surface, during his entire trip.

His written statement announces, that the "Bremen" a sister vessel, owned by the same concern as the Deutschland, will follow his ship. By his record, the German government now forces the collapse of the English starvation plan. "The sea will not be shut again," Captain Koenig's statement says.

He went down one or two times in the North Sea for a few hours, Koenig declared in relating history, but we traveled only 90 miles in all under water. We spent four days in the English Channel, lying on the bottom one whole night there because the weather was foggy. No one saw us, and we cited no war ships, only cruisers and destroyers.

It was my first long voyage in a submarine, although I had made several trial trips in the Deutschland. There was no fear in the experience. We left Germany on the 23rd of June, had bad weather only one day, and traveled a total distance of about 3,800 miles. It got rather close inside during rough weather, but it was all right when the ports were open. The Deutschland can go down 300 feet and stay there four days if necessary.

This trip was a practical demonstration of the ability of the submarines to pass the British blockade. We expect great financial success from our venture. We can carry a cargo of 1000 tons, although this time we had only 150 tons.

The captain smiled when asked whether there would be trouble at Patasco going back. "No, there won't be any difficulty in getting back, unless the English violate their laws. No doubt there will be plenty of cruisers watching for us. Our ability to escape is demonstrated by the fact that we were not seen at any time on our voyage. Captain Koenig said that the vessel carried no message for President Wilson. He would take back, he said, almost any kind of a cargo, but he did not want to announce when he would leave here.

This afternoon Captain Koenig and his crew posed for moving picture operators. "When can we see these was asked by a big blonde fellow, and the movie men said "Friday right here in Baltimore." Will they be shown in Germany" another one of the crew asked. "Yes, in about a month or six weeks. You know it takes a good while to get films into Germany these days." "You had better send them back with us, as that is the best and safest way," Captain Koenig said, "You know

Washington, July 10.—The 24 hour rule that applied to belligerent ships of war or to ships regarded as auxiliaries, will not enter into the case of the German submarine Deutschland, which went into quarantine at Baltimore today. Officials were unanimous on that today. Several problems have arisen since the arrival of the great undersea boat carrying merchandise, and these must be taken up one by one. It is assumed that the U-boat's arrival will not be finally recognized by the state department until the treasury department has made full investigation. Any private vessel, or a vessel owned by private interests may be considered a neutral merchant ship, according to reports. The danger lies however, in this case of the possibility that the German government will be found to hold an interest in this craft, and in such a case, it is generally held, it would be called a war boat.

One ruling by Secretary Lansing, is to discuss the line of demarcation between offensive and defensive vessels. If an armed merchantman should open fire against a submarine "that seemed to be purging her," the captain of the merchantman is warranted to get upon the assumption the submarine is offensive, and that all U-boats are war boats. In this instance there is a possibility of serious complications arising with the allied governments. Such possibilities would loom large should an American citizen engage a return passage on the Deutschland.

The submarine Deutschland is not a war ship. She is not even an armed merchantman. She carried no guns or armament of any kind. This was the substance of a report made to the treasury department shortly before noon by customs officials who boarded the submarine at Baltimore. The state department was immediately informed of the ship's status by Secretary McAdoo. These reports were preliminary but are considered to definitely establish the Deutschland's status.

WOMEN SHOULD GET THIS HABIT AS WELL AS MEN

Don't Eat a Bite of Breakfast Until You Drink a Glass of Hot Water.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervy wrecks," "rundowns," "brain fags" and pessimists we should see a virile optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. It warms the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but so plain which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb while the bowels in the thirty feet of bowels do.

Thomas, William and Marlin Buchanan and Urban Leigey motored to Snow Shoe and spent Sunday.

Born to Mr. and Mrs. Frances Thompson Sunday, a seven pound baby boy.

Mrs. Easton Ross has returned from a visit with friends in Indiana.

Mr. and Mrs. David Rook spent Sunday in Philadelphia.

William Wallace returned to Pittsburgh yesterday, after a visit with his parents, Mr. and Mrs. Harry Wallace.

Mr. James A. Watson, a highly respected citizen of Bradford Township, was found dead in bed Sunday morning. Obituary notice later.

DAILY LESSON IN HISTORY

One Hundred Years Ago Today
1816—General Pueyrredon was named as first president of the new republic of Argentina.

Seventy-Five Years Ago Today.
1841—One of the first notable instances of "Lynch Law" in the United States occurred in Grant County, Ky., when a mob of 350 persons hanged two men for attempted murder.

Fifty Years Ago Today.
1866—Prussian armies defeated the Austrian allies at Hamelburg and Kissingen.

Twenty-Five Years Ago Today.
1891—German Emperor and Empress welcomed by the Lord Mayor of London at Guildhall.

OUR DAILY BIRTHDAY PARTY

Admiral Sir Percy Scott, recently relieved of the command of the air defenses of London, born 63 years ago today.

Theodore Marburg, noted publicist and former United States minister to Belgium, born in Baltimore, 54 years ago today.

Finley P. Dunne, author of the "Mr. Dooley" stories, born in Chicago 49 years ago today.

Pleasant A. Stovall, United States minister to Switzerland, born at Augusta, Ga., 59 years ago today.

Rear Admiral W. H. H. Southard, U. S. N., retired, born in New York, 64 years ago today.

George Fred Williams, Massachusetts politician and late United States minister to Greece, born at Dedham, Mass., 64 years ago today.

William LeRoy Emmet, member of Naval Advisory Board and first serious promoter of electric ship-propulsion, born at New Rochelle, N. Y., 57 years ago today.

Isaac N. Seligman, one of New York's leading bankers, born on Staten Island, N. Y., 60 years ago today.

MEET TO DISCUSS FERTILIZATION.

Hot Springs, Va., July 10.—All the important factors that make for a larger average yield per acre of better crops will be discussed at a series of conventions to be held here this week. The organizations which will hold their annual sessions include the National Fertilization Association, the Southern Fertilization Association and several affiliated bodies. The programs provides for the discussion of soil improvement in all its phases by many well known experts.

MANY WOULD BE ARMY BIRD-MEN.

New York, July 10.—The Aero Club of America is in receipt of hundreds of applications daily from men who wish to become aviators and enter the government service. Among the applicants are bankers, brokers, lawyers, doctors, artists, newspaper men and many gasoline motor experts. The applications began coming in immediately after the ambush of the Tenth Cavalry at Carrizal, and since then many of the applicants, whose names have been forwarded to the War Department, have kept in daily touch with the Aero Club waiting to be notified where to report to begin training.

MINISTER WOULD BE GOVERNOR.

St. Louis, July 10.—When the Democratic voters of Missouri go to the polls three weeks from tomorrow to express their preference for candidates for state offices they will have an opportunity to vote for a minister of the gospel for the head of the state ticket. The clergyman who desires to fill the gubernatorial chair is the Rev. Arthur N. Lindsey, pastor of a church in Clinton.

Not only is a clergyman in politics, as a candidate for an important state office, unusual and interesting, but Mr. Lindsey is making a campaign so different from what one ordinarily would expect of a minister that he has upset many of the traditions of his profession.

Competition in the gubernatorial contest is exceedingly keen. Two millionaire manufacturers, two lawyers and two publishers are in the race against the pastor-candidate.

It has been so often thought unwritten law that preachers should not participate in nor allow themselves to become "contaminated" by politics that the politicians, especially, were somewhat amazed when Mr. Lindsey announced himself a candidate for the governorship.

Another surprise has been furnished by the campaign methods pursued by the pastor-candidate. He has set the state to laughing by his humorous stories. He has appealed to the intelligence of the state by the keenness of his wit and his literary and practical skills.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur it Brings Back Its Beautiful Lustre

At Once
Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

First Prize in

THE PROGRESS GREAT VOTING CONTEST

On Saturday July 22, 1916

THERE ARE MANY OTHER BIG PRIZES

The voting is now under way and the Candidates are running close—Have you voted for your favorite? If not you should do so now.

ONCE IN A LONG TIME

An opportunity of extraordinary importance presents itself to the residents of most communities. When such an occasion does come, there are a number of energetic, ambitious and popular ladies and gentlemen who direct their attention and efforts toward the achieving of the honors and benefits of such an enterprise, and who receive the very willing and substantial support and encouragement of their friends and the public in general, if such an enterprise be of the highest order and providing it is a strictly clean and straightforward proposition in every respect.

Such an opportunity has presented itself to the residents of Clearfield and the surrounding towns and communities in the form of the Progress Great Voting Contest. This high class enterprise of this paper has enlisted the efforts of many of the well known people of the community and is daily receiving the generous support of the public. That the very generous and public spirited offer is worthy of the interest and support of every resident of the community has been clearly demonstrated, and that each candidate is entirely worthy of the encouragement and assistance of the good people of this county is an admitted fact.

The winners of the \$1,100 in prizes offered by this paper will be determined solely by the clipped votes and subscriptions supplied to them by the public. The votes are issued on old and new as well as arrange subscription payments to the Progress and there is no additional charge for the voting—just the usual subscription payments from six months to five years. The subscriptions may be given to the contestants, who are authorized by the Progress to receive, and receipt for, such payments, or they may be sent direct to the Progress office with the name of the candidates to whom the votes are to be credited. More votes are issued now than later on the subscriptions—and you are invited to take part in this popular and very generous spirited enterprise.

Select your favorite candidate from
the list printed elsewhere in this paper
and send in your subscription today.

JULY CLEARANCE SALE

BIG SAVINGS
Look for the Parrot Price tickets. Each one speaks loudly of big savings.

MAIL ORDERS
If you cannot attend this sale send us your orders by mail. We will take care of them promptly.

A Mammoth Storewide Stock Reduction of Fine Spring and Summer Merchandise, Priced at Cost and Less Beginning Wednesday, July 12th, at 9: A. M.

Selling throughout Spring and early summer was heavy but not heavy enough to close out stocks. We must sell this surplus and sell it immediately, it being the unfailing policy here never to carry goods from season to season. We feel that nothing so forcefully represent the savings as the simple but truthful statement that prices now are lower than in any previous clearance when there was no European war to disturb conditions. Values in the 1916 July Clearance are the best presented in our many

years of store-keeping. They are extraordinary and plentiful, existing in good numbers in all departments.

Remember the opening date of this great Sale event, Wednesday, July 12th, at 9 a. m.

Your friends from nearby towns are going to be here—come and meet them.

On account of the intense and widespread interest that is being shown in the Progress Great Automobile contest, and because of the excellent personnel of the many active contestants and the splendid success they are having in the vote getting, the Progress has decided to increase the already generous prize offer by the addition of \$50.00 in cash, as fully detailed below. This substantial cash offer caps the climax of good things and rounds out the big Progress enterprise into a splendid and most pleasing whole, so we are sure it will meet with the hearty approval of everyone interested in Clearfield County's most popular event.

Surprises sometimes come and agreeable surprises are always acceptable. It is one of the latter kind that is announced above, and which we take pleasure, today, in presenting to all those interested in the great automobile contest now being conducted by this paper. This surprise comes in the announcement of a substantial cash addition to the already long list of valuable awards offered to the competing individuals in this high class contest and it in no way effects or conflicts with the original contest offer. It means simply that the big Progress prize list of the Overland automobile and the other valuable prizes offered by this paper will be augmented by \$50.00 in cash and that the contestants are to receive this money just one week from today.

This unexpected and very gratifying announcement is all the more pleasing because of the fact that the \$50.00 in cash will be divided into three prizes of \$25.00, \$15.00 and \$10.00 each, that the added offer is open to each and every one of the contestants on an even footing and that the winners of these special prizes will be determined during the present week. The winners will be known on Saturday night—just one week from the finish of the big contest—and the votes cast for the special prizes will count for the automobile and other big prizes as well as for the cash.

These three special cash prizes will be awarded to the contestants without regard to district division or the present vote standing of the candidates and they will go to the three contestants who turn in the three largest numbers of votes between this morning at 8 o'clock, and Saturday evening July 15th, at 10 o'clock—a period of one full week. No votes secured or cast for publication during the first voting period of the contest, which closed on last Saturday evening, will count for these special cash prizes but only the votes from coupons and subscriptions secured and voted for publication during this week. It is to be clearly understood, however, as stated above, that all

votes secured and turned in for these special cash awards will also count for full value towards the nine grand contest prizes that will be awarded at the end of the contest. Any candidate may win one of the cash prizes and also one of the big prizes at the close of the contest for the offer is open to all alike and every one of the contestants, no matter what their present vote may be, has exactly the same chance of carrying off any one of these substantial purses of cash. This additional offer increases the prize list from nine to twelve valuable and wholly desirable awards, and gives the total prize list an aggregate value of approximately \$1,500.00 making it by far the most elaborate proposition ever attempted by any newspaper in this section of Pennsylvania.

Make no mistake in gaining a complete understanding of this liberal additional offer. The contestant, either lady or gentleman, in either of the districts, who secures and deposits for publication the greatest number of votes from coupons, subscriptions and bonus ballots during the present week will, at 10 o'clock on Saturday evening, July 15th, be awarded the \$25.00 in gold. The contestant having the next highest number of votes will be awarded the \$15.00 in gold, and the third highest candidate will be given the \$10.00 prize. No vote ballots dated prior to July 10th will count for these cash awards although contestants may deposit, for publication, votes secured before this time if they so desire. A special accounting of the votes will be made at 10 o'clock Saturday evening, the winners will then be determined and announced, and the cash prizes will be delivered to the winners next Monday—one week from today.

Here is a chance for new contestants to enter the race, if they desire, and compete for this cash offering, and especially is it a great inducement for all of the present active contestants to get in their best efforts in the subscription getting during this week while the votes will count for all prizes. The original offer of the Progress was indeed substantial and generous in the extreme but the contest will now have an even more attractive aspect for all who are taking part. The time of the exciting race is now short and the enthusiasm in the event throughout the county is at such a high pitch that it will now know no bounds, so this is the time for all of the ambitious vote getters to get busy with their pencils and subscription books.

As stated on a number of previous occasions the voting schedule as announced for the second voting period of the campaign will in no way be changed or altered and all contestants will be treated exactly the same. The close of the first vote on last Saturday evening evened out the contest and the excitement and interest in the contest will now be at its height. The close of the voting period of the campaign will in no way be changed or altered and all contestants will be treated exactly the same. The close of the first vote on last Saturday evening evened out the contest and the excitement and interest in the contest will now be at its height. The close of the voting period of the campaign will in no way be changed or altered and all contestants will be treated exactly the same.

EXPERT DANCER ENTERTAINS AT COUNTRY CLUB

Dances Nature Dances On The Links Near Club House In The Evening

BIGGEST CROWD OF SEASON

Saturday was a banner day at the Clearfield-Curwensville Country Club, the largest crowd of the season being present at the dinner and dance of the evening. During the entire afternoon the links were crowded with enthusiastic golfers. The day was the most successful so far this season on account of the auspicious weather conditions, which made golfing a most popular sport. Tennis was also enjoyed by a large number of the members.

The feature attraction of the day at the club was the dancing of Miss Ruby Hale White, of New York City, a member of the Castle Dancing School, who entertained the crowd in the evening with several very artistic dances. Two nature dances on the links, lighted with electric lights, met with great applause. Miss White also danced the latest fox trots and the humoresque in the club house.

If enough of the members of the club can be interested in a dancing class, Miss White will organize one and will instruct the members in the latest dances. The class will be for members only.

The music was furnished by the McKinley Orchestra, of Curwensville. Many of out-town guests were present.

FURTHER GAINS MADE BY ALLIES

Russians Advancing on Koval; Teutons Retreat.

London, July 10.—(By United Press)—While the Franco-British armies are making further gains on the Somme today, the Russians announced that two large forces have crossed the river Stochad, and are advancing on Koval.

General Haig reported that the British along the Somme had extended their lines from Peronne Woods north to Hardecourt. According to official statements today the French troops had captured some trenches at Barleux, and at the same time broke out in a new offensive in the Champagne region, and captured some German trenches on a 500 yard front and three savage attacks. There had been little fighting there for several weeks. The gains were around Argonne and on the Verdun front. The German patrols were dispersed.

Berlin, July 10.—The British troops have captured the Trones Woods, and the French the villages of La Maisonette, Barleux and Reconquer, it was officially admitted today.

FIRE TOTALLY DESTROYS HOUSE AT CARSWATH

The house occupied by George Zimmerman at Carswath and owned by the Carswath Coal Company, was totally destroyed by fire Sunday morning. The fire was of unknown origin. Mr. Zimmerman carried \$500 insurance on his furniture and the loss to the coal company which amounted to about \$600 was covered by insurance.

WILSON ANSWERS ROOSEVELT WITH PEACE MESSAGE

Detroit Crowd Rocks Hall With Cheers As President Makes Plea For Peace

'WE MUST RESPECT MEXICO'

BY ROBERT J. BENDER
Detroit, Mich., July 10.—(By United Press)—President Wilson today answered Colonel Roosevelt's statements on military with a message of peace. Speaking to 3,500 people who packed Arcadia Falls, hundreds of whom were delegates to the World's Salesmanship congress—the President said that fighting results in hardships, that it ruined opportunities for progress in trade and civilization.

Some people who heard Roosevelt's "call to arms" two months ago, today rocked the hall with cheers for peace. "We must respect the sovereignty of Mexico," the President said at one time. "I say this for the benefit of those who wish to 'butt-in.' Mexico feels that we do not wish to help her, but to possess her. This is due to the manner in which some have tried to exploit her possessions. I will not help these men."

The President sounded a call to the business men of the world to respond to the new demands for salesmanship. "Lift your eyes to the honor of business," he said in closing, "and with the thought that you stand for the liberties of mankind. Sell your goods and try to convert the people that your principals are American." As the president concluded, some one shouted "Hurrah for the next President of the United States" and a din shook the hall for several minutes.

INSURANCE MEN WILL FORM CO. ORGANIZATION

Will Meet at DuBois and Organize on Tuesday.

R. B. Murray, state organizer of the Insurance Federation, arrived in DuBois Saturday evening, and has arranged to hold a meeting in the Chamber of Commerce rooms, Deposit National Bank Building, Tuesday evening, July 11, at 8 P. M.

The purpose of the meeting is to effect a County Organization which will become part of the State Organization; every one interested in the insurance business, including all Insurers are invited to attend.

The object of the Federation is stated to be, to furnish its members and the general public reliable information concerning the origin, nature and effect of any and all legislation, the purpose or natural consequences of which is to make the state, directly or indirectly, wholly, or in part an underwriter of insurance hazards of any description, and to support all legislation which fosters sound insurance of any kind.

The activities of the federation have already extended into forty states, and the membership is increasing at the rate of four thousand per month. Twenty five counties in Pennsylvania have thus far been organized; it is urged as important that all interested in the business of insurance be present.

Mr. J. W. Henry, of Pittsburgh, president of the state organization will be the principal speaker.

CLEARFIELD WINS FROM HOUTZDALE

E. McGowan Sprains Ankle Sliding For Second.

The N. Y. C. baseball team of Clearfield added another victory to their already long list Saturday when they defeated Houtzdale by a score of 14-5 in a one sided game. Bove pitched a fine game allowing Houtzdale only eight hits.

In the eighth inning E. McGowan sprained his ankle while sliding for second when trying to stretch a long hit into a double-bagger. He was making a remarkable pick-up, cheating Houtzdale out of a clear-cut hit and also making a double play.

WOMAN'S CLUB PICNIC

The Woman's Club picnic to be held at Mineral Spring Park, Tuesday, July 11, will be a basket picnic instead of having supper served at the Park. All members are requested to attend.

NEGRO GIVEN SENTENCE BY JUDGE BELL

Woman Accomplice is Banished From County For Furnishing Liquor to Minors

NEGRO GETS FORTY DAYS

Two Curwensville defendants were brought up before Judge Bell this morning in the regular Monday morning court and received sentence. The two people, a negro and a white woman have been working together furnishing liquor to minors and confirming drunkards who were unable to buy whiskey themselves on account of their reputations. The couple were arrested sometime ago by county authorities.

Mae Ross, the woman, was brought up and paroled on her own recognizance to appear before the court next Monday. She was told to go to Akron, Ohio, where her brother lives. Before next Monday in order to escape sentence. If she is found in the county any time after that day she will be brought up again and given a stiff sentence. She was charged with furnishing liquor to minors and many other criminal acts.

Her accomplice, Howard Pratt, a negro about thirty years of age, was arrested on the same charge and fined fifty dollars and costs and given forty days in the county jail by Judge Bell. He was also brought up on other charges.

Joseph Krehobek, a Pole was brought into court charged with attempted murder. His case was not settled and he was sent back to the county jail to await trial before jury.

PUNKSY WANTS TO OWN WATER PLANT

Engineer Hess of Clearfield Attending Hearing.

Punksatowney is red hot after its own municipal water plant and have great hopes of getting it. Charles Ratz, with Engineers Hess, of Clearfield, and Africa, of Huntingdon have been in Pittsburgh a month in conference with engineers representing Punksatowney and Lindsay Water Companies. Chief Engineer Hess, of the Public Service Commission, has been working with them compiling a report which will be submitted to the Public Service Commission and which will no doubt be the means of determining whether the borough of Punksatowney shall come into control of the plant. The report is not yet complete and the engineers are at present in Huntzberg putting on the finishing touches.

It has been indicated to the water companies that if they retain their charter in Punksatowney they must improvements commensurate with those outlined by the borough should they gain control. The water companies there are both in the hands of receivers at the present time and it seems unlikely that they will be able to go ahead and make the improvements called for.

In the event that they are not able to raise the money to carry out the improvements the borough will take the companies over at a price to be eventually set by the engineers in conjunction with the Public Service Commission.

HARVARD MEN TO FLY.

Boston, July 10.—Ten Harvard undergraduates are to be sent to Curtis Flying School at Buffalo today for a course of six to eight week training by the Undergraduate Aero Training Fund which was organized in this city some week ago. These men will be the first of a squad of twenty-four undergraduates, who it is hoped, will receive such training as will enable them to become available for military service in the event of war. The movement was originally started by Eraser Corp., who has served with the American Flying Corp. in France for some time. Harvard men throughout the country have contributed to the training fund.

The members of the Woman's Club attending the picnic tomorrow will go to Mineral Spring on the 1:15 P. M. train; jitneys will be provided for their return. J10-1t

Other Commercial U-Boats to Follow Deutschland Soon

Captain Tells of Laying on Bottom of English Channel For Whole Night to Avoid Discovery

PASSENGERS ENJOYED EVERY LUXURY

BY CARL D. GROOT
(United Press Staff Correspondent)

Baltimore, July 10.—Out of the depths, Captain Koenig appeared today with word of mouth story of the first successful crossing of the Atlantic by a commercial submarine, the giant Deutschland, which he said is to be followed by others. Supplementing a written statement, Captain Koenig told how he and his ship had lain on the bottom of the English channel ne whole night, how he and his men had played a graphophone at the bottom of the sea, how they had drunk champagne and had eaten the best of foods, how the vessel had travelled 3,800 miles, and only submerged for a few hours, about 90 miles under the surface, during his entire trip.

His written statement announces that the "Bremen" a sister vessel, owned by the same concern as the Deutschland, will follow his ship. By his record, the German government now forces the collapse of the English starvation plan. "The sea will not be shut again," Captain Koenig's statement says.

He went down one or two times in the North Sea for a few hours, Koenig declared in relating history, but we traveled only 90 miles in all under water. We spent four days in the English Channel, lying on the bottom one whole night there because the weather was foggy. No one saw us, and we cited no war ships, only cruisers and destroyers.

It was my first long voyage in a submarine, although I had made several trial trips in the Deutschland. There was no fear in the experience. We left Germany on the 23rd of June, had bad weather only one day, and traveled a total distance of about 3,800 miles. It got rather close inside during rough weather, but it was all right when the ports were open. The Deutschland can go down 300 feet and stay there four days if necessary.

This trip was a practical demonstration of the ability of the submarines to pass the British blockade. We expect great financial success from our venture. We can carry a cargo of 1000 tons, although this time we had only 150 tons.

The captain smiled when asked whether there would be trouble at Patasco going back. "No, there won't be any difficulty in getting back, unless the English violate their laws. No doubt there will be plenty of cruisers watching for us. Our ability to escape is demonstrated by the fact that we were not seen at any time on our voyage. Captain Koenig said that the vessel carried no message for President Wilson. He would take back, he said, almost any kind of a cargo, but he did not want to announce when he would leave here.

This afternoon Captain Koenig and his crew posed for moving picture operators. "When can we see these was asked by a big blonde fellow, and the movie men said "Friday right here in Baltimore." Will they be shown in Germany" another one of the crew asked. "Yes, in about a month or six weeks. You know it takes a good while to get films into Germany these days." "You had better send them back with us, as that is the best and safest way," Captain Koenig said, "You know

Germany is not cut off from America now as she has been."

Washington, July 10.—The 24 hour rule that applied to belligerent ships of war or to ships regarded as auxiliaries, will not enter into the case of the German submarine Deutschland, which went into quarantine at Baltimore today. Officials were unanimous on that today.

Several problems have arisen since the arrival of the great undersea boat carrying merchandise, and these must be taken up one by one. It is assumed that the U-boat's arrival will not be finally recognized by the state department until the treasury department has made full investigation.

Any private vessel, or a vessel owned by private interests may be considered a neutral merchantship, according to reports. The danger lies however, in this case of the possibility that the German government will be found to hold an interest in this craft, and in such a case, it is generally held, it would be called a war boat.

One ruling by Secretary Lansing, is to discuss the line of demarcation between offensive and defensive vessels. If an armed merchantman should open fire against a submarine "that seemed to be purging her," the captain of the merchantman is warranted to get upon the assumption the submarine is offensive, and that all U-boats are war boats. In this instance there is a possibility of serious complications arising with the allied governments. Such possibilities would loom large should an American citizen engage a return passage on the Deutschland.

The submarine Deutschland is not a war ship. She is not even an armed merchantman. She carried no guns or armament of any kind. This was the substance of a report made to the treasury department shortly before noon by customs officials who boarded the submarine at Baltimore. The state department was immediately informed of the ship's status by Secretary McAdoo. These reports were preliminary but are considered to definitely establish the Deutschland's status.

Wants to Buy Lower California.

Omaha, July 10.—Omaha was full of hotel men today from Wisconsin, Iowa, Minnesota, Nebraska and the two Dakotas, met to attend the annual convention of the Northwestern Hotel Men's Association. They got together at the Hotel Fontenelle and spent the day transacting business. The convention will conclude with a banquet Wednesday night.

Over 100 New Cases of Infantile Paralysis Reported in New York

New York, July 10.—(By United Press)—Despite the most stringent cleaning up measure, New York reported further today, 103 new cases of infantile paralysis in the greater city was shown by official compilations in the last 24 hours. According to reports, a total of 1083 children and young people have been attacked by the scourge, since June 5th, when the epidemic broke out.

Washington, July 10.—(By United Press)—The Public Health service

heads today decided to ask congress for a \$100,000 appropriation and permission to draft physicians from civil life, to lift the infantile paralysis epidemic raging in New York and other cities.

Surgeon General Blue and heads divisions of the service met this morning to take this and other steps to eradicate the dread disease. Congress will be asked to make the appropriation available immediately. The service now has only \$15,000 with which to fight contagious diseases.

WOMEN SHOULD GET THIS HABIT AS WELL AS MEN

Don't Eat a Bite of Breakfast Until You Drink a Glass of Hot Water.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervy wrecks," "rundowns," "brain fags" and pessimists we should see a virile optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. It warms the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but so plain which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb while the bowels in the thirty feet of bowels do.

Thomas, William and Marlin Buchanan and Urban Leigey motored to Snow Shoe and spent Sunday.

Born to Mr. and Mrs. Frances Thompson Sunday, a seven pound baby boy.

MEET TO DISCUSS FERTILIZATION.

Hot Springs, Va., July 10.—All the important factors that make for a larger average yield per acre of better crops will be discussed at a series of conventions to be held here this week. The organizations which will hold their annual sessions include the National Fertilization Association, the Southern Fertilization Association and several affiliated bodies. The programs provides for the discussion of soil improvement in all its phases by many well known experts.

MANY WOULD BE ARMY BIRD-MEN.

New York, July 10.—The Aero Club of America is in receipt of hundreds of applications daily from men who wish to become aviators and enter the government service. Among the applicants are bankers, brokers, lawyers, doctors, artists, newspaper men and many gasoline motor experts. The applications began coming in immediately after the ambush of the Tenth Cavalry at Carrizal, and since then many of the applicants, whose names have been forwarded to the War Department, have kept in daily touch with the Aero Club waiting to be notified where to report to begin training.

MINISTER WOULD BE GOVERNOR.

St. Louis, July 10.—When the Democratic voters of Missouri go to the polls three weeks from tomorrow to express their preference for candidates for state offices they will have an opportunity to vote for a minister of the gospel for the head of the state ticket. The clergyman who desires to fill the gubernatorial chair is the Rev. Arthur N. Lindsey, pastor of a church in Clinton.

Not only is a clergyman in politics, as a candidate for an important state office, unusual and interesting, but Mr. Lindsey is making a campaign so different from what one ordinarily would expect of a minister that he has upset many of the traditions of his profession.

Competition in the gubernatorial contest is exceedingly keen. Two millionaire manufacturers, two lawyers and two publishers are in the race against the pastor-candidate.

It has been so often thought unwritten law that preachers should not participate in nor allow themselves to become "contaminated" by politics that the politicians, especially, were somewhat amazed when Mr. Lindsey announced himself a candidate for the governorship.

Another surprise has been furnished by the campaign methods pursued by the pastor-candidate. He has set the state to laughing by his humorous stories. He has appealed to the intelligence of the state by the keenness of his wit and his literary and practical skills.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur it Brings Back Its Beautiful Lustre

At Once
Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

THE PROGRESS GREAT VOTING CONTEST

On Saturday July 22, 1916

THERE ARE MANY OTHER BIG PRIZES

The voting is now under way and the Candidates are running close—Have you voted for your favorite? If not you should do so now.

ONCE IN A LONG TIME

An opportunity of extraordinary importance presents itself to the residents of most communities. When such an occasion does come, there are a number of energetic, ambitious and popular ladies and gentlemen who direct their attention and efforts toward the achieving of the honors and benefits of such an enterprise, and who receive the very willing and substantial support and encouragement of their friends and the public in general, if such an enterprise be of the highest order and providing it is a strictly clean and straightforward proposition in every respect.

Such an opportunity has presented itself to the residents of Clearfield and the surrounding towns and communities in the form of the Progress Great Voting Contest. This high class enterprise of this paper has enlisted the efforts of many of the well known people of the community and is daily receiving the generous support of the public. That the very generous and public spirited offer is worthy of the interest and support of every resident of the community has been clearly demonstrated, and that each candidate is entirely worthy of the encouragement and assistance of the good people of this county is an admitted fact.

The winners of the \$1,100 in prizes offered by this paper will be determined solely by the clipped votes and subscriptions supplied to them by the public. The votes are issued on old and new as well as arrange subscription payments to the Progress and there is no additional charge for the voting—just the usual subscription payments from six months to five years. The subscriptions may be given to the contestants, who are authorized by the Progress to receive, and receipt for, such payments, or they may be sent direct to the Progress office with the name of the candidates to whom the votes are to be credited. More votes are issued now than later on the subscriptions—and you are invited to take part in this popular and very generous spirited enterprise.

Select your favorite candidate from
the list printed elsewhere in this paper
and send in your subscription today.

JULY CLEARANCE SALE

BIG SAVINGS
Look for the Parrot Price tickets. Each one speaks loudly of big savings.

MAIL ORDERS
If you cannot attend this sale send us your orders by mail. We will take care of them promptly.

A Mammoth Storewide Stock Reduction of Fine Spring and Summer Merchandise, Priced at Cost and Less Beginning Wednesday, July 12th, at 9: A. M.

Selling throughout Spring and early summer was heavy but not heavy enough to close out stocks. We must sell this surplus and sell it immediately, it being the unfailing policy here never to carry goods from season to season. We feel that nothing so forcefully represent the savings as the simple but truthful statement that prices now are lower than in any previous clearance when there was no European war to disturb conditions. Values in the 1916 July Clearance are the best presented in our many

years of store-keeping. They are extraordinary and plentiful, existing in good numbers in all departments.

Remember the opening date of this great Sale event, Wednesday, July 12th, at 9 a. m.

Your friends from nearby towns are going to be here—come and meet them.
